INTRODUCTION

GOOD EEEEVENING!

Step into the shadows of the deadliest dwelling on earth. You’ve arrived at Castlevania, and you’re here on business:
To destroy forever the Curse of the Evil Count.
Unfortunately, everybody’s home this evening. Bats, ghosts, every kind of creature you can imagine. You’ll find ’em all over the place, if they don’t find you first.
Because you’ve got to get through six monstrous floors before you even meet up with the Master of the House. Your Magic Whip will help, and you’ll probably find a weapon or two along the way.
But once you make it to the tower, you can count on a Duel to the Death. The Count has waited 100 years for a rematch. He’s ready. Are you?

HOW TO PLAY

Castlevania can be played by one player.
The player must use Control (1).
The object is to move through the passages and stairways of the castle to reach the tower, dodging or destroying every creature in your path. Use the control, as directed to activate your Magic Whip and the other weapons you’ll find along the way. And watch for secret doors!
To begin, hit the START button, and your nightmare begins.

Score

Power Level Indicator
You begin each game with 3 "lives," and the indicator tracks the power remaining in each. As the creatures sap your strength, the indicator level drops. When it reaches "0," you lose one life.

Time
When the timer shows "0," you lose one life.

Weapons Indicator
Shows the latest weapon you've picked up and activated.

Enemy Power Level Indicator
Indicator tracks damage you've done to Head Creature in any given stage. When level drops to "0," the Creature is out of the game.

Treat Your Konami Game Carefully

- This Konami Game Pak is a precision-crafted device with complex electronic circuitry. Avoid subjecting it to undue shock or extremes of temperature. Never attempt to open or dismantle the Game Pak.

- Do not touch the terminal leads or allow them to come into contact with water or the game circuitry will be damaged.

- Always make sure your NES Control Deck is SWITCHED OFF when inserting the Game Pak or removing it from the NES Control Deck.

- Never insert your fingers or any metal objects into the terminal portion of the expansion connector. This can result in malfunction or damage.
COMPLIANCE WITH FCC REGULATIONS

This equipment generates and uses radio frequency energy and if not installed and used properly, that is, in strict accordance with the manufacturer’s instructions, may cause interference to radio and television reception. It has been type tested and found to comply with the limits for a Class B computing device in accordance with the specifications in Subpart J of Part 15 of FCC Rules, which are designed to provide reasonable protection against such interference in a residential installation. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient the receiving antenna
- Relocate the NES with respect to the receiver
- Move the NES away from the receiver
- Plug the NES into a different outlet so that computer and receiver are on different circuits.

If necessary, the user should consult the dealer or an experienced radio/television technician for additional suggestions. The user may find the following booklet prepared by the Federal Communications Commission helpful: How to Identify and Resolve Radio-TV Interference Problems. This booklet is available from the U.S. Government Printing Office, Washington, DC 20402. Stock No. 004-000-00345-4.
